

The image shows a screenshot of a Microsoft PowerPoint window. The title bar reads 'Microsoft PowerPoint - [Lecture 1.ppt]'. The menu bar includes 'File', 'Edit', 'View', 'Insert', 'Format', 'Tools', 'Slide Show', 'Window', 'Help', and 'Adobe PDF'. The toolbar shows various icons for file operations, editing, and presentation control. The slide content is as follows:

Coral Reef Ecology **Lecture 1**

An Introduction to the course

Learning Objectives and Course Summary:

The course will provide you with detailed information regarding the major features of, the functioning of, and the plants and animals common to, Red Sea Coral reefs

By the end of the course you will be able to join Operation Wallacea's research team and hopefully make a significant contribution to the conservation of coral reefs.

The course is difficult and requires dedication but will be rewarding. Attendance to all theory lectures and practical sessions are compulsory

You must pass the course before you will be allowed to take part in research activities!!

The status bar at the bottom indicates 'Slide 1 of 11', 'Default Design', and 'English (U.S.)'.
